AT ALL GOOD DEALERS 50¢ UP

The Secret of a Good Figure often lies in the brassiere. Hundreds of thousands of women wear the Bien-Jolie Brassiere for the reason that they regard it as necessary as a corset. It supports the bust and back and gives the figure the youthful outline which fashion decrees.

FASHION OF THE MOMENT

Nothing Can Stop Modern Girl From the Reigning Passion of the Day.

"Throw up your hands!" the robber said. The girl still held her ground and put a little powder on her nose. She rushed out into the street and stopped as autos flew around and put a little powder on her nose. A safe was falling from a floor just nineteen stories high. "Look out!" the workmen shouted as the girl came tripping by. She opened up her handbag, and while others tried to fly she put a little powder on her nose.

One day the girl was ill and when the doctor said she'd die, she put a little powder on her nose. And just before she passed away she gave a little sigh and put a little powder on her nose. St. Peter met her at the gates and offered her his hand. "Step in," he said, "we welcome you where all's sublimely grand." "Excuse me just a moment," said the pretty maiden, and she put a little powder on her nose. —New York World.

BIG WAR CONTRACT ABOUT TO BE LANDED BY HOPKINSVILLE CONCERN.

It is rumored that a High Official of the Russian army has been in the city within the past week negotiating for a large quantity of War supplies for the army. It is understood that a recent order from Petrograd requires all soldiers to take their annual shave July 1, and the reputation of the EUREKA "MULE HOE" as a clean cutter having reached the Czar, he gave orders to investigate and if found practicable to place his order for a large shipment.

We have no doubt but that the contract will be placed, as the Mule Hoe not only saves the work of six men hand hoeing, but is the most efficient tool ever invented for the shallow cultivation of Corn and Tobacco, not only killing the weeds but mulching the soil, which retains the moisture and keeps the plants growing in dry weather. Further information about the WAR that has been declared on the Weed Pests of Christian county can be had by calling on your dealer or writing "MULE HOE" Pratt, Hopkinsville, Ky.

Rust-Proof Ironwork.
A simple method of making iron work proof against rust is to heat it until it is almost red hot and then brush it over with linseed oil. This makes a varnish which, unlike ordinary paint or enamel, does not chip off.

Not Entirely Heartbroken.
A father who intended to make a great professional man of his son usually manages to conceal his disappointment when the boy signs up for a neat salary as a ball player.

At all the Russian railway stations complaint books are kept, and passengers may enter protest.

AVOID WORRY; REMAIN WELL

Physician's Investigations Show Bad Effect of Mental Strain on the Human System.

Worry is a mild form of fright. Fright breaks down brain cells and causes deterioration of brain power. Worry produces similar results. This, in brief, is the theory of Dr. George W. Crile of Cleveland, the eminent surgeon who returned a short time ago from the American hospital in Paris and the battle fields of France, where he went to assist in taking care of wounded soldiers and to test their blood to determine the effect upon it of the terror of the battle field.

Doctor Crile's investigations and lectures on this subject have aroused the keenest interest of business men, many of whom realize the danger of overwork and worry. He has shown that in the case of a rabbit frightened by a dog the actual breaking down of brain cells has been caused and he says that there is no doubt that to some extent similar results follow from worry and excessive work.

Doctor Crile has not yet announced the results of his investigations in France, but it is easy to understand that the blood and nervous system of a terrorized man would afford opportunities for study which might result in much practical good to mankind. If by studying extreme cases, resulting from war, Doctor Crile and his assistants can reach conclusions as to the treatment of nervous and mental disorders of those engaged in the strenuous pursuits of peace, they will render service of great value.—Iron Trade Review.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily, at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price.

The year 1914 has been the most extraordinary in the history of modern times. It has witnessed the outbreak of the great European war, a struggle so titanic that it makes all others look small.

You live in momentous times, and you should not miss any of the tremendous events that are occurring. No other newspaper will inform you with the promptness and cheapness of the Thrice-a-Week edition of the New York World. Moreover, a year's subscription to it will take you far into our next Presidential campaign.

THE THRICE-A-WEEK WORLD's regular subscription price is only 1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00. Send all subscriptions to Kentuckian office.

Really Healthy Person.
The healthy person is one who uses all his powers of mind and body to their full capacity, and this is what brings happiness as well as sense of power. The emphasis should not be upon what one hears so much about—relaxation; but upon keeping this normal health of every organ and every function. This requires activity, exercise and always a pure and noble life.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ill it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." How To Buy A Piano

After you have made a thorough investigation of the different methods of selling pianos just figure what you can save if you buy direct from the factory. Remember, a retailer has large expenses in selling a piano, besides his profit. You can save all of this at our factory.

We make as fine pianos as are manufactured anywhere, and we sell direct to the home. We never sell through dealers or agents, but we will give their profits to you.

The Adler Piano received the highest award at the National Conservation Exposition at Knoxville in 1912. You can try an Adler Piano in your home free. You can put it to any test and make any comparison you desire. You do not obligate yourself to purchase. Ship it back at any expense if you are not more than satisfied to keep it.

My plan of selling direct from the factory saves you \$100 to \$150. If it is not convenient to pay cash, you can pay us by strictly confidential "Charge Account Plan" whereby you can pay in small amounts to suit you, and without interest.

Send No Money In Advance
